

**MIDWAY CITY SANITARY DISTRICT
DIRECTOR**

RUSSELL C. PARIS

OCCUPATION: Director, Midway City Sanitary District
Retired Army Colonel

Thank you for re-electing me four years ago to bring back leadership to Midway City Sanitary District Board. This District provides essential trash collection and sewer services to Westminster and Midway City.

I have always worked hard to make sure that your fees for trash and sewer services were not increased. As a result your fees are still the lowest in Orange County.

Our District is now debt free and has sufficient reserves to replace trucks and other equipment when required.

Through efficient management, you now have these additional services at no extra cost:

- Bulky item pickup
- Special trash pickup for elderly and physically impaired
- Annual Christmas tree pickup

I supported an aggressive solid waste recycling program so that the Westminster and Midway City achieved their State-mandated reductions and avoid fines.

My wife Helen and I have owned our home and raised our family here since 1961. I am a retired Army colonel, a retired local businessman, and member of Elks, Kiwanis, VFW, American Legion, Boys & Girls Club. I also am a City Councilman.

With your vote of confidence, I will continue to work to keep your services up and your fees down.

Please call anytime at 714-897-2837.

Sincerely,

Russell C. Paris
